

AML launches new corporate website

Paris, December 21st 2011- Leading supplier of levellers, smart lighting actuators and headlamp cleaning systems for the automotive industry, AML Systems, today announced the launch of the newly created corporate website.

The new-look site is now live at www.aml-systems.com and provides comprehensive product information together with a host of additional features.

The easy-to-use interface enables visitors to access a wealth of up to date information in just a few clicks. Incorporating a video and innovation section, www.aml-systems.com now offers full information on AML's full product portfolio together with request form to get in contact with the R&D team.

Eric Julien, CEO of AML Systems, says : "The newly created AML website is easy to navigate and contains latest information about AML including global culture aspects, latest innovation as career opportunities. Fueled by our 50+ years of expertise in smart and efficient actuators, visitors can see our impressive growth trend as well as our continued dedication and focus on innovation. As a direct result of hard work and undeniable commitment to excellence, we are proud of what our team is achieving every day".

About AML SYSTEMS
